Jp3.jpg “The CNN Belief Blog covers the faith angles of the day’s biggest stories, from breaking news to politics to entertainment, fostering a global conversation about the role of religion and belief in readers’ lives. It’s edited by CNN’s Daniel Burke with contributions from Eric Marrapodi and CNN’s worldwide news gathering team.1. Field of the Invention The present invention relates to a communication apparatus, a communication method, and a communication system. More specifically, the invention relates to a communication apparatus, a communication method, and a communication system, which allow a communication with a user equipment. 2. Description of the Related Art The Bluetooth® (trademark) communication system is a communication system using a near field communication (NFC). For example, the Bluetooth® communication system (e.g., the Bluetooth® version 3.0) is disclosed in Japanese Patent Application Laid-Open Publication No. 2010-57228. In this communication system, to perform a communication (hereinafter, referred to as an NFC connection) between user equipment

and another user equipment, a user equipment A performs a connection request processing (hereinafter, referred to as an initial connection processing) to a user equipment B. The user equipment A includes a NFC reader/writer (hereinafter, referred to as a reader/writer) and a Bluetooth® communication device (hereinafter, referred to as a Bluetooth® device). The user equipment B includes a Bluetooth® device. In response to the connection request processing, the user equipment B performs a connection processing (hereinafter, referred to as a connection processing) with the user equipment A. In the NFC connection, the connection processing of the user equipment B requires a connection period. On the other hand, in the Bluetooth® device, the connection processing of the user equipment B is completed within several seconds. Accordingly, the NFC connection cannot be completed until the connection period has elapsed. LONDON (Reuters) - Britain's Chancellor of the Exchequer, Philip Hammond, will offer EU leaders a fresh Brexit proposal at a summit on Thursday, potentially throwing into doubt a budget deal agreed by British Prime Minister Theresa May, two people familiar with the plan said. Britain's Chancellor of the Exchequer Philip Hammond leaves the 11th European Summit of EU finance ministers and central bankers in the Latvian capital of Riga, Latvia August 7, 2016.
